Editorial Indonesian Journal of Nursing Practices

School of Nursing, Faculty of Medicine and Health Science, Universitas Muhammadiyah  
Yogyakarta, Indonesia

Dear Editor Indonesian Journal of Nursing Practices

I am submitting a manuscript for consideration of publication in Indonesian Journal of Nursing Practices. The manuscript is entitled “**Comparative Study of Breastfeeding Status: Self-Efficacy and Mental Health of Mothers with Infants 0-6 Months**”. It has original article and has not been published elsewhere and that it has not been submitted simultaneously for publication elsewhere. We have no conflicts of interest to disclose. This is one of the selected articles from the 3rd B-ICON 2023 organised by Poltekkes Kemenkes Bengkulu.

We believe that this manuscript is appropriate for publication by Indonesian Journal of Nursing Practices because artikel ini membahas tentang efikasi diri ibu dan kesehatan mental ibu yang memiliki bayi usia 0-6 bulan. Assessing the differences in self-efficacy of partially and exclusively breastfeeding mothers.

In addition, I am also sure that there will be many readers with public health, nurse, psychology and other fields of science who are interested in the topics and research results that I present.

Thank you very much for your consideration.

Yours Sincerely,

Bintang Agustina Pratiwi, MKM

Faculty of Public Health, Diponegoro University
