## Editorial Foreword

It is my pleasure to introduce the December edition 2021 of the Jurnal Media Hukum (JMh) that is finally released entirely written in English. This effort is being our commitment to be recognized internationally as a reputable journal.

Some steps needed to be indexed in Scopus and/or Web of Science, and this is the second step to embody such goal. The first step is that JMh has published the article entirely written in English. The next effort is to engage with more international editorials, reviewers, and authors in the coming edition of JMh.

The future agenda is to maintain high-quality articles and broaden international engagement to contribute their scientific manuscripts in JMh. Hopefully, sooner or later, JMh could be indexed in Scopus and/or Web of Science and give a more significant impact afterward.

Lastly, I would like to express my gratitude to all authors who have helped readers navigate the most border issues within this Journal's scope. I would also like to extend my appreciation to the reviewers who have contributed in maintaining this Journal's academic quality. As stated in this journal-title, the aim is to address any legal issues at regional and international levels. We hope our readers will be pleased and benefit from the publication of this edition.
